The Las Vegas Singers and Songwriters organization is a Community Special Interest Group that is nonprofit in intent although not a registered Nonprofit Organization licensed in Nevada.

The purposes of the organization are to:

- (1) facilitate learning the art and craft of songwriting, lyric writing, and musical song arrangement
- (2) share experience and information about the real world of solo artist auditions, live performance, recording, demos, business, and publicity
- (3) provide critique sessions to give honest, creative, and helpful advice on improving writing style and technique
- (4) encourage and facilitate collaborative efforts in song creation and performance
- (5) showcase and promote member talents and original song performances

We strive to learn from one another and encourage each other to stretch our musical and creative boundaries. We also encourage each other to achieve our goals as songwriters, while creating community awareness.

There are two related web sites used for member communication:

1. <http://groups.myspace.com/LVSS>
2. <http://vocalists.meetup.com/123/>

The organization will not limit or restrict, either attendance or participation in our activities, nor solicit funds for membership or donations from the public while using library facilities. All activities will be free and open to the public with no commercial or business intent.
